

The form is titled 'LANDLORD/HOME OWNER GAS SAFETY RECORD' and includes a header with a logo and a reference number '123456'. It contains sections for 'Registered Business Details', 'Gas Register', 'Landlord or other person responsible for the gas safety', and 'Gas safety check details'. The main part of the form is a table with columns for 'Location', 'Appliance type', 'Make', 'Model', 'Year of installation', 'Last safety check date', 'Next safety check due date', 'Appliance checked', 'Safety check performed by', 'Date of safety check', 'Number of appliances checked', and 'Notes'. At the bottom, there are sections for 'Gas installation covered conditions must include the following', 'The safety record is issued by', and 'Next safety check due date (within 12 months)'.

A Gas safety Certificate is a record, also referred to as a certificate, that is required by law to be held for all rental accommodation in the UK where there are gas appliances present. The requirement is enshrined in the [Gas Safety \(Installation and Use\) Regulations 1998](#) . The law requires all gas appliances in a rented property to be checked annually, with a gas safety record being completed and a copy provided to tenants.

Gas safety records must be completed by engineers who must be registered with the [Gas Safe Register](#) scheme which took over from the previous [CORGI](#) scheme in 2009.

At Advanced Plumbing & Heating Services – we have reliable gas safe (ex corgi) registered engineers who can assist you on this whenever you need this done we are always here for you 24 hours a day 7 days a week and we cover all areas of Central London (City London), East Central & West Central London, City of London and Westminster, West End London (West), Northwest London, East London, North London, Enfield, Southwest London, Southeast London, Enfield, Bromley & Kent, Croydon, Richmond & Twickenham, Uxbridge, Essex, Uxbridge and all surrounding areas
