

“Reliable Family Run (Husband & Wife Formed)”

“Twice recommended by “Time Out” London in 2006”

“Finalist of the Training and Development Barking & Dagenham Business Awards 2008”

“Finalist of the “Best New Business” and “Entrepreneur of the year” Kingston Business Awards 2010”

“Finalist of the “Entrepreneur of the year” Kingston Business Awards 2011”

Benefits Of Underfloor Heating

There are many benefits of using underfloor heating as opposed to traditional heating methods, please see the list below:

Space Saving – *underfloor heating* is out of sight and therefore out of the way, giving you extra space and allowing you to furnish rooms as you like – no more intrusive radiators.

Health & Hygiene – *Underfloor heating* prevents dust mites living in carpets, as well as taking away them hard-to-clean spaces where dust gathers on radiators.

Aesthetics – As mentioned, *underfloor heating* is out of sight, so you can have your room as you want it, no need to accommodate an ugly heating method.

Labour Saving – Wet floors in bathrooms, showers, and utility rooms dry quickly.

Comfort – *Underfloor heating* provides the ultimate comfort levels throughout your home by radiant heat, heat in its most natural form.

Silence – *Underfloor heating* suffers none of the creaks or groans of conventional copper pipes and radiators, just a reassuring silence.

Cost Effective – *Underfloor heating* will save you between 15-30% on your heating bills, depending on your lifestyle.

Ease Of Control - The implementation of *underfloor heating* results in a very even temperature throughout your home.

Economic – As well as being no more expensive than traditional heating methods, *underfloor heating* is virtually maintenance free, which reduces costs even further.
